

# Howard Bury Papers (T3069)

## Summary

The Howard Bury papers copied by PRONI comprise c.500 documents and 3 volumes 1702-1919, deriving from the late Lt-Colonel Charles Kenneth Howard Bury (1883-1963), of Charleville Forest, Tullamore, King's County, and Belvedere, Mullingar, Co. Westmeath. These two properties and estates merged, for the first time, in him; and the arrangement of the archive reflects their separate history prior to his inheritance of Charleville through his mother, the heiress of the Bury family, Earls of Charleville, in 1931, and his inheritance of Belvedere from his exceedingly remote kinsman (by the half blood), Charles Brinsley Marlay, in 1912. Of the two, Charleville and the Burys are more fully documented than Belvedere and its successive owners.
