# **CHURCH OF IRELAND RECORDS INDEX**

December 2007

# Introduction

The following is the current index to the Church of Ireland records that have been microfilmed by PRONI. Please note, not all Church of Ireland records have been microfilmed. Additional Church of Ireland records may be available in other archives as xerox copies or originals.

Individual entries/pages can be copied from registers of any date.

PRONI cannot provide copies of entire microfilm reels which include registers of baptisms and burials from 1871 or marriages from 1845 for any Church of Ireland parish. Copies of entire reels containing baptisms and burials before 1870 and marriages before 1845 for parishes within the six counties of Northern Ireland will only be made under exceptional circumstances, providing they do not contain any post-1871 baptisms and burials, post-1845 marriages or any other series of records.

Requests for copies of baptisms and burials before 1871 and marriages before 1845 for parishes in the Republic of Ireland should be referred to the National Archives, Ireland, Bishop Street, Dublin.

If you are unable to visit PRONI to search the archives yourself, you are encouraged to use PRONI's search service.

**This index is a guide only.  
You will have to consult the appropriate catalogues for full details.**
