# **ROMAN CATHOLIC CHURCH RECORDS INDEX**

October 2008

## Introduction

The following is the current index to the Roman Catholic Church records that are available on microfilm in PRONI. It covers churches in the six counties of Northern Ireland as well as in Counties Cavan, Monaghan and Donegal. These records were filmed by the National Library of Ireland some years ago but only up to 1880.

Individual pages can be copied but not without the permission of the individual church.

If you are unable to visit PRONI to search the archives yourself, you are encouraged to use PRONI's search service.

**This index is a guide only.  
You will have to consult the appropriate catalogues for full details.**
