Department of Employment & Learning	84
Department of Environment	85
Department of Health & Social Services	112
Northern Ireland Assembly	125
Northern Ireland Office	163
Policy Co-ordinating Committee	169

Introduction

The files are being released under the 30/20 Year Rule.

The annual release of selected official files continues against a background of greater public access through the Freedom of Information Act balanced against the need to protect personal information. The FOI Act (2000) created a new access to information regime and all records were reviewed in accordance with both that Act and the Data Protection Act.

Annually since 1976, official records held by PRONI which were 30 years old have been reviewed with a view to making them publicly available (“the 30 year rule”). In September 2011, the Assembly accepted a Legislative Consent Motion to reduce the time limit for release from 30 years to 20 years (“the 20 year Rule”). This is underpinned by the Freedom of Information Act 2000 and the amendments made to it by the Protection of Freedoms Act 2012.

The 20 Year Rule is being phased in over 10 years, with two years worth of records being reviewed and released each year. This is the second year of the phasing-in period; which saw the records of NI Departments and the NIO with terminal dates of 1985 brought forward for release during August 2014 and the records of 1986 brought forward in December 2014.

This process involves the referral of the files to the Responsible Authority for sensitivity review. This entails a page by page examination to ensure that a record contains nothing sensitive as defined by the FOI Act and DP Act.

Records Released

570 files being deemed as suitable for release as “fully open”. A further 179 files are open but subject to blanking out of some content.

The main file series being released includes Central Secretariat and Northern Ireland Office files.

Some of the main issues covered by the 1986 release include:

- Anglo Irish Agreement
- Anglo-Irish Conference
- MacBride Principles on discrimination in the workplace
- Black Report on Children in Care
- Community relations
- Women in the public sector
- Youth Unemployment
- Child Abuse
- Government response to AIDS epidemic
- Chernobyl Nuclear Disaster
- Crumlin Road Prison Protests
- NIO policy on dealing with Sinn Fein representatives
- Prison service meetings with Church and political leaders
- European Convention on Human Rights – UK Government attempts at derogation
- Fisheries Conservancy
- Kinsale Gas
- Work of the NI Assembly
- Harland & Wolff
- Belfast – City Centre re-development
- Committee of Inquiry into Children's Homes and Hostels

Records may be closed either fully or in part only. Blanking out involves the removal of a limited number of papers from the file that have been deemed as exempt from the right to know under FOI. To facilitate the release of as much information as possible, redaction can be used to blank out sensitive data within individual documents that would otherwise prevent release. All information which is withheld in the manner outlined above, however, must be retained in accordance with the exemptions contained within the FOI Act. In the majority of cases, the reason for extended closure was the application of section 40 – the *personal information*

exemption – of the FOI Act. This means that personal information is exempt from the right to know if it would breach the Data Protection principles.

Ministry of Agriculture, Fisheries and Food
