Introduction

The files are being released under the 30/20 Year Rule.

The annual release of selected official files continues against a background of greater public access through the Freedom of Information Act balanced against the need to protect personal information. The FOI Act (2000) created a new access to information regime and all records were reviewed in accordance with both that Act and the Data Protection Act.

Annually since 1976, official records held by PRONI which were 30 years old have been reviewed with a view to making them publicly available (“the 30 year rule”). In September 2011, the Assembly accepted a Legislative Consent Motion to reduce the time limit for release from 30 years to 20 years (“the 20 year Rule”). This is underpinned by the Freedom of Information Act 2000 and the amendments made to it by the Protection of Freedoms Act 2012.

The 20 Year Rule is being phased in over 10 years, with two years worth of records being reviewed and released each year. This year, the records of NI Departments and the NIO with terminal dates of 1989 were brought forward for release in August 2016 and the records of 1990 are being brought forward during December 2016.

This process involves the referral of the files to the Responsible Authority for sensitivity review. This entails a page by page examination to ensure that a record contains nothing sensitive as defined by the FOI Act and DP Act.

Records Released

These files are available to the media in advance of their release to the public on the strict understanding that **there is an embargo on publication or broadcast until Friday 30th December 2016.**

There are **759** files being deemed as suitable for release as “fully open”. A further **232** files are open but subject to blanking out of some content. **72** files remain closed in full, the bulk of which are individual prisoner files.

The main file series being released includes Central Secretariat files.

SELECTION OF SUBJECTS COVERED BY 30TH DECEMBER 2016 RELEASE

- *Head of Civil Service NI* (HOCS) files on various high level matters, including *Short Brothers / Harland & Wolff*, political protests (and contingency planning for expected strike action), Political Development Group updates, Anglo-Irish Intergovernmental Council (A.I.I.C), MacBride Principles (workplace discrimination), and De Lorean papers.
- Anti Racketeering activities
- *European Convention on Human Rights* cases
- Secretary of State for Northern Ireland and Northern Ireland Office (NIO) Ministerial meetings with politicians
- Economic cooperation and negotiations (involving the Republic of Ireland, UK, USA and Europe)
- The *MacBride Principles* (workplace discrimination, including individual files on US State employment legislation and UK Disinvestment)
- Privatisation of NI electricity (includes examination of Kilroot power station, ‘Phase II’)
- Fisheries and Irish Sea issues
- Local Government protest action in the wake of the Anglo-Irish Agreement
- Increasing incidence of drug abuse
- Child care and repercussions of abuse investigations
- Community group funding and political links
- The Arts (including *Ulster Folk and Transport Museum*)
- Civil Defence / War Planning

Records may be closed either fully or in part only. Blanking out involves the removal of a limited number of papers from the file that have been deemed as exempt from the right to know under FOI. To facilitate the release of as much information as possible, redaction can be used to blank out sensitive data within individual documents that would otherwise prevent release. All information which is withheld in the manner outlined above, however, must be retained in accordance with the exemptions contained within the FOI Act. In the majority of cases, the reason for extended closure was the application of section 40 – the *personal information* exemption – of the FOI Act. This means that personal information is exempt from the right to know if it would breach the Data Protection principles.

The catalogue of files for 1990 will be publicly available online on the PRONI website www.nidirect.gov.uk/proni from Friday 30th December and the files will also be available to view at PRONI from Friday 30th December.
