Department of the Environment	46
Department of Finance and Personnel	62
Department of Health and Social Services & Public Services	73
Governor of Northern Ireland	83
Ministry of Home Affairs	84
Northern Ireland Office	85

Introduction

The files are being released under the 30/20 Year Rule.

The annual release of selected official files continues against a background of greater public access through the Freedom of Information Act balanced against the need to protect personal information. The FOI Act (2000) created a new access to information regime and all records were reviewed in accordance with the Act, and the Data Protection legislation.

Annually since 1976, official records held by PRONI which were 30 years old have been reviewed with a view to making them publicly available (“the 30 year rule”). In September 2011, the Assembly accepted a Legislative Consent Motion to reduce the time limit for release from 30 years to 20 years (“the 20 year Rule”). This is underpinned by the Freedom of Information Act 2000 and the amendments made to it by the Protection of Freedoms Act 2012.

The 20 Year Rule is being phased in over 10 years, with two years’ worth of records being reviewed and released each year. This year due to Covid-19 restrictions, the records of NI Departments and the NIO with a terminal date of 1998 are being brought forward for release during December 2021.

This process involves the referral of the files to the Responsible Authority for sensitivity review. This entails a page by page examination to ensure that a record contains nothing sensitive as defined by the FOI Act, and Data Protection legislation.

Records Released

565 files being deemed as suitable for release as “fully open”. A further **132** files are open but subject to blanking out of some content. **31** files remain closed in full.

The main file series being released includes Central Secretariat.

Some of the significant issues covered by the 1998 release include:

- Talks between local political parties re setting up the NI Assembly and the Civic Forum
- NI Forum Secretariat
- Anglo-Irish Secretariat
- Devolution powers
- Transition programme for setting up the NI Assembly
- Parades / Drumcree
- Contingency Planning for Influenza pandemic
- Aftermath of Omagh Bomb
- Education Reform
- Belfast Peacelines
- Upgrade of the M1 / Westlink
- Education for Traveller children

Records may be closed either fully or in part only. Blanking out involves the removal of a limited number of papers from the file that have been deemed as exempt from the right to know under FOI. To facilitate the release of as much information as possible, redaction can be used to blank out sensitive data within individual documents that would otherwise prevent release. All information which is withheld in the manner outlined above, however, must be retained in accordance with the exemptions contained within the FOI Act. In the majority of cases, the reason for extended closure was the application of section 40 – the *personal information* exemption – of the FOI Act. This means that personal information is exempt from the right to know if it would breach Data Protection legislation.

The catalogue of files for 1998 will be publicly available online on the PRONI website www.nidirect.gov.uk/proni from Wednesday 29th December and the files will also be available to view at PRONI from Wednesday 29th December.

Department of Agriculture
