Valuation Records (VAL)	89

Introduction

The files are being released under the 30/20 Year Rule.

The annual release of selected official files continues against a background of greater public access through the Freedom of Information (FOI) Act (2000) balanced against the need to protect personal information. The FOI Act created a new access to information regime and all records were reviewed in accordance with the Act and the Data Protection legislation.

Annually since 1976, official records held by PRONI which were 30 years old have been reviewed with a view to making them publicly available (“the 30 Year Rule”). In September 2011, the Assembly accepted a Legislative Consent Motion to reduce the time limit for release from 30 years to 20 years (“the 20 Year Rule”). This is underpinned by the FOI Act and the amendments made to it by the Protection of Freedoms Act 2012.

“The 20 Year Rule” is being phased in over 10 years, with two years’ worth of records being reviewed and released each year. This year, the records of Northern Ireland (NI) Departments with a terminal date of 2002 are being brought forward for release during August 2024.

This process involves the referral of the files to the Responsible Authority for sensitivity review. This entails a page by page examination to ensure that a record contains nothing sensitive as defined by the FOI Act, and the Data Protection legislation.

Records Released

There are **731** files being deemed as suitable for release as “fully open”. A further **157** files are open but subject to blanking out and/or partial closure of some content. **28** files remain closed in full.

Some of the significant issues covered by the 2002 release include:

- **Northern Ireland Government:** Programme for Government, Executive Committee, Committee of the Centre, First Day Briefs, Ministerial Code, NI Departments, NICS.
- **Civic Forum**
- **North-South Issues:** Co-operation, North South Ministerial Council
- **British-Irish engagements:** British Irish Interparliamentary Body, British-Irish Council, Four Nations.
- **Minorities and vulnerable groups:** Asylum Seekers, Older People, Women's Issues, Children's Issues, Race Strategy, Poverty, Promoting Social Inclusion, New TSN (Targeting Social Need).
- **Human Rights, Equal Opportunities and Community Relations:** Holy Cross, Flags, Ulster Scots and Irish Language.
- **Conflict and Legacy Issues:** Victims, Bloody Sunday Inquiry.
- **Public Health and Social Issues:** Teenage Pregnancy, Emergency contraception, Adoption, Tobacco Advertising, Radiation Protection.
- **Health and Hospital Provision:** Acute Hospitals Review, Cancer Institute.
- **Transport:** Railways, Airports, Ferry Services, Cycling Strategy, Travel Survey.
- **Infrastructure:** Westlink Development, Railway Safety, Harbours and Ports.
- **Regeneration & Development:** Area Plans.
- **Energy Strategy and Utilities Legislation.**
- **Environment:** Air Quality Bill, Drinking Water Quality Report, Foot and Mouth.

Records may be closed either fully or in part only. Blanking out involves the removal of a limited number of papers from the file that have been deemed as exempt from the right to know under FOI. To facilitate the release of as much information as possible, redaction can be used to blank out sensitive data within individual documents that would otherwise prevent release. All information which is withheld in the manner outlined above, however, must be retained in accordance with the exemptions contained within the FOI Act. In the majority of cases, the reason for extended closure was the application of section 40 – the *personal information* exemption – of the FOI Act. This means that personal information is exempt from the right to know if it would breach Data Protection legislation.

The catalogue of files for 2002 will be publicly available online on the PRONI website www.nidirect.gov.uk/proni from Thursday 22nd August and the files will also be available to view at PRONI from Thursday 22nd August.

Central Secretariat (CENT)
