Valuation Records (VAL)	86

Introduction

The files are being released under the 30/20 Year Rule.

The annual release of selected official files continues against a background of greater public access through the Freedom of Information (FOI) Act (2000) balanced against the need to protect personal information. The FOI Act created a new access to information regime and all records were reviewed in accordance with the Act and the Data Protection legislation.

Annually since 1976, official records held by PRONI which were 30 years old have been reviewed with a view to making them publicly available (“the 30 Year Rule”). In September 2011, the Assembly accepted a Legislative Consent Motion to reduce the time limit for release from 30 years to 20 years (“the 20 Year Rule”). This is underpinned by the FOI Act and the amendments made to it by the Protection of Freedoms Act 2012.

“The 20 Year Rule” is being phased in over 10 years, with two years’ worth of records being reviewed and released each year. This year, the records of Northern Ireland (NI) Departments with a terminal date of 2003 are being brought forward for release during December 2024.

This process involves the referral of the files to the Responsible Authority for sensitivity review. This entails a page by page examination to ensure that a record contains nothing sensitive as defined by the FOI Act, and the Data Protection legislation.

Records Released

There are **743** files being deemed as suitable for release as “fully open”. A further **136** files are open but subject to blanking out and/or partial closure of some content. **18** files remain closed in full.

Some of the significant issues covered by the 2003 release include:

- Programme for Government (PfG), New Targeting Social Need (TSN), Promoting Social Inclusion (PSI), Government Administration (e.g. First Day Briefs, Executive Committee Minutes), Direct Rule
- North/South and East/West Cooperation: British Irish Council, North South Ministerial Council, North South Implementation Bodies
- Europe: Policy, Euro preparations, Women in Europe, Charter on Regional or Minority Languages, Peace II
- Citizen Engagement and Special Initiatives: Civic Forum, European Year of People with Disabilities
- Legacy issues: Community Relations, Sectarianism, Victims, Veterans, Re-integration of ex-prisoners
- Education: Early Years Research, Curriculum Review, Integrated Education
- Emergency and Welfare Services: Police Service for Northern Ireland, Fire Service Review, Health Issues, Child Support Agency
- Economy & Society: Regional Economic Policy, Economic Research, Migrants
- Energy and Utilities: Energy Policy and Strategy, Assembly Committee Energy Inquiry, NI Energy/Utilities Bill, Electricity Legislation
- Transport and Infrastructure: New Start for Public Transport, Airports and Air Services, Regional Transportation Strategy, Travel Survey
- Regeneration and Development: Belfast (Laganside, North and West), North West Development Office, Neighbourhood Renewal Strategy
- Tourism: Giant's Causeway, Taxi review, Tourism Policy Review
- Agriculture and Environment: Animal Health (TB and Brucellosis), Plant Health, Water Resources

Records may be closed either fully or in part only. Blanking out involves the removal of a limited number of papers from the file that have been deemed as exempt from the right to know under FOI. To facilitate the release of as much information as possible, redaction can be used to blank out sensitive data within individual documents that would otherwise prevent release. All information which is withheld in the manner outlined above, however, must be retained in accordance with the exemptions contained within the FOI Act. In the majority of cases, the reason for extended closure

was the application of section 40 – the *personal information* exemption – of the FOI Act. This means that personal information is exempt from the right to know if it would breach Data Protection legislation.

The catalogue of files for 2003 will be publicly available online on the PRONI website www.nidirect.gov.uk/proni from Monday 30 December and the files will also be available to view at PRONI from Monday 30 December.

These files are available to the media in advance of their release to the public on the strict understanding that **there is an embargo on publication or broadcast until 00.01am on Monday 30 December 2024.**
