26 June 1794

Your regards for our City is such and so well known that we deem it a pleasure when we have any

any request to lay before you: by complying with which,<sup>144</sup>  
you can render us a service —

We have long been apprized of Mr. Jamison's  
determination to take the earliest opportunity of changing  
his present employment: and our friendship for him  
would at any time induce us to forward his views of  
Credit, satisfaction, or advantage. Our duty towards our-  
selves and the Citizens at large, makes it not less our  
care, that no successor unqualified or unacceptable, be ad-  
mitted. for both these reasons, we have with pleasure, looked  
to the event of an engagement, by which Mr. Knox of Alham-  
loo, might succeed to the task of public Education.

From all which we learn and believe this  
Gentleman in, morals, Temper, Inclination, Talents, &  
acquirements is eminently desirable to us. as such therefore  
we recommend him to your Lordship and with him the  
Gratification of ourselves and the advantage of our Children,  
And we humbly hope that, in this instance it will be  
your wish (as we know it has not been) to oblige the Corpora-  
tion and Citizens of Derry

We the Mayor Aldermen Sheriffs and Burgeses of the City of Londonderry in Common Council assembled, Humbly beg leave to represent to your Excellency the very great Hardships and Distresses which in some of the Officers who have been recommended to serve in the Londonderry Regiment will be involved by their resigning their Commissions which they have acquired in other Regiments either by long service or purchase, without any pecuniary consideration — Having been informed that it has been allowed to several Officers in Regiments raised by individuals in this Kingdom, to Dispose of their Commissions at the regulated price, We therefore earnestly intreat your Excellency, to permit the Officers of this Regiment, in like situation to receive the same indulgence, by which alone they will be put on an equal Footing with the Officers who have not before served in the Army — We are induced the more strongly to solicit this indulgence from the uncommon exertions which have been used in recruiting this Regiment, already half completed — Your Excellency's consideration herein will hold out an encouragement to Officers of service and essentially contribute to the completion of the Derry Regiment, and your Excellency by Graciously accepting this ancient and loyal City will give it's further exertions in the defence of his Majesty's Crown and Government —

to the King's most Excellent Majesty  
 The humble address of the Mayor Commu-  
 nity and Citizens of the City of Londonderry in Common  
 Council assembled  
 Most Gracious Sovereign

We your Majesty's most dutifull &  
 Loyal Subjects the Mayor Community and Citizens of  
 Londonderry, beg leave to approach the Throne with  
 assurances of our firm and unalterable Attachment  
 to your Royal Person and Government, and to express  
 our Detestation of the flagitious attack which has been  
 lately made upon your sacred Majesty, Our Abhorrence  
 of which is only equalled by the satisfaction We feel  
 in most ~~truly~~ sincerely Congratulating your -

His Majesty on having providentially Escaped from the infamous attempts of wicked and designing men, who insensible to that which is Good, sum intent upon destroying the Blessings which those Kingdoms enjoy under the mild and auspicious Government of your Majesty.

We are however happy in thinking that these Anarchists constitute comparatively but a small number among your subjects, and that their base designs can only tend to devolve Ruin upon themselves, and to call forth testimonies how truly your Majesty professes the Affections and Loyalty of your People. And We embrace this opportunity of declaring that we feel proud in inheriting those Sentiments which so strongly actuated our Ancesters in Defence of the glorious Revolution - which have preserved in us a pure Loyalty to your Majesty's illustrious House, and which shall give vigour to our exertions in support of our Beloved Sovereign, against all his Enemies Foreign and Domestic

In Testimony whereof we have caused our Common Seal to be hereunto affixed and our Chamberlain to sign the same

To the King's Most Excellent  
 Majesty

The Humble and dutiful Address  
 of the Mayor Citizens and Commonalty of the  
 City of Londonderry in Common Council assembled  
 Most Gracious Sovereign

We your Majesty's most dutiful and Loyal  
 Subjects The Mayor Citizens and Commonalty of  
 the City of Londonderry in Common Council  
 assembled humbly beg leave to offer to your Majesty  
 our most lively Congratulations on the Happy  
 discovery and prevention of the late dreadful Treason  
 that was designed against your Majesty's most  
 Life and our Glorious Constitution, & sensible of the  
 manifold Blessings we possess under your Parental  
 protection and persuasion that we enjoy under your

benig<sup>n</sup> Government, the utmost extent of rational and practicable Liberty that Civilized Society will admit,

We should be destitute of Gratitude, if sentiments of Horror and indignation did not rise in our Hearts, against the infamous persons, who planned your Majesty's Death, and, what we deem inseparable connected with it, The ruin of the United Empire -

Your Majesty's loyal City of London, is not nor near, a safe Place of much Strength, but under the influence and direction of that Parliament, by whose advice interposition your Majesty's precious Life has been lately preserved, and therefore the Law's Liberties and Happiness of your People,

Your Majesty may be assured, that if any Circumstances should ever require its Inhabitants to act in defence of your Royal Person, a mild and salutary Government, they will come forward with such Promptitude and Zeal as will prove them to be not unworthy of their brave Ancestors, who in the year 1689 in the Cause of their King and Constitution combated and repulsed the combined Powers of the Foreign and Intestine Foe

Report of the Committee on Wm Mcintosh Memorial

The report of the Committee on Wm Mcintosh Memorial being Read Ordered that it be taken in this Book ~~by~~ and taken into consideration on Friday the 10<sup>th</sup> Inst or the next Common Council following — The Report as follows

The 4<sup>th</sup> of Sept<sup>r</sup> 1805 at a Common Council  
held in the City of S<sup>r</sup> Perry the following order  
was Made—

request  
of the  
Committee  
on W<sup>m</sup>  
McIntock's  
memorial

W<sup>m</sup> McIntock's memorial to this Common  
Council being read, Ordered that the same  
be referred to the following Comrs the Sir George  
F Hill Sir David <sup>son</sup> Ferguson Alder Seely  
Thomas Scott & John Curry—

Said said Committee being directed to meet  
on Wednesday 10<sup>th</sup> Septemb<sup>r</sup> 1805 the following  
members met according to, Sir George Hill  
Alder Seely Th<sup>o</sup> Scott and John Curry—

The memorial of W<sup>m</sup> McIntock produced and  
it appears to this Committee that the Relief  
sought by said memorial is an extension of  
his term from the Corporation—

It appears that the Lease under which he holds  
was granted the 17<sup>th</sup> of June 1794 to Mess<sup>rs</sup>  
Stelling & Horner for 25 years, ~~rent reserved~~  
£240 it appears to this Committee that  
W<sup>m</sup> McIntock having purchased from the  
said Lessees in the year 1801 has expended  
very considerable sums of money in improving  
the Mills Machinery, as stated in his memorial,  
and likewise in improving the state of the  
land, and it appears to this Committee that  
said Memorialist has made considerable progress  
in erecting extensive Buildings at a great  
Expence for the purpose of Establishing a  
Brewery on a large Scale together  
with small houses and all the necessary

Office the completion of which will require a  
 large sum of money, it appears to this Committee  
 that the number of years unexpired of the present  
 Lease is a very inadequate term for such  
 Expenditures, and does not offer that encouragement  
 which so useful & spirited an undertaking  
 merits. And it does finally appear to this  
 Committee that said Mortmain Act does  
 to have a Lease of said farm and lands for  
 Sixty one years, provided the Corporation shall  
 be enabled to grant a Lease for so long a term,  
 he paying the present rent and any addition  
 thereto to which the Corporation may become  
 liable by any renewal they may obtain  
 themselves from the London Society, and he  
 to be liable to the present Covenants contained  
 in his present Lease, and any other Covenants  
 which the Corporation may be made subject  
 to by the London Society -

London, 10<sup>th</sup> September 1705 -

Ordered that Ralph Brown, John Young, Robt
